Personal Observations of the Local Situation—Relief Measures Adopted—Appeals for Aid.

[Special Dispatch to the Chicago Tribune.]

LAFAYETTE, Ind., September 21.

This has been a great day for our town and the surrounding country. Early this morning the people began coming to market from all directions, and by noon the town was alive with people. It would be impossible to estimate the number, but I do not suppose that more than the usual number of persons were present. The object of the meeting was to devise some plan for the relief of the sufferers by the late fires. Committees were appointed to solicit subscriptions, and to receive and distribute the same. Over $2,000 was subscribed by the business men of this city, and the amount will be largely increased before the close of the week. Provisions, clothing, and bedding are needed, and will be received by the committees. The Wabash Railroad Company has generously offered to transport all supplies sent to this city, free of charge. The people of Lafayette have been terribly frightened by the fires, but they have stood nobly by the sufferers, and have done all in their power to relieve their wants. Many of the latter are in destitute circumstances, and will require assistance for some time to come. Their losses are heavy, and will fall heavily upon them. Many of the poor people have lost their all, and will be compelled to begin the world anew. Lafayette has been visited by a terrible calamity, but her people have met it like men, and will, I doubt not, rise superior to it. Many of the sufferers have left for other towns, where they have friends, but the majority will remain here, and rebuild their homes. Ramsey County Fatality—A Pair of Slippery Customers Foiled.

[Special Dispatch to the Chicago Tribune.]

ST. PAUL, Minn., September 21.

The Republicans of Ramsey County are determined to celebrate suitably the Fourth of November, in place of Baldwin, who presided at Gen. Custer's meeting. The Minneapolis Tribune says that Gen. Custer has declined.

The Republicans continue to congratulate themselves upon being rid of Gen. Custer should Kinney succeed. He always belonged to the Democracy, and has only come with us.

FROM CANADA.

Importation of Fine Arms and Ammunition—Confederates—Breech Loaders—Wounded—Fires.

TORONTO, C. W., September 21.—The time for entering for arrears and interest on lands sold for taxes extended to the 15th of October.

The Legislature will meet at Quebec next Wednesday.

A deputation waited on Sir Edmund Head to-day to arrange the terms of the confederation of the Provinces, to meet early in November. They will be five of each Province, and Canada will be one.

In the course of October there will be thirty more Colonels, Dolamber, appointed to the military of Canada.

This year's crop is beautiful.

QUEBEC, September 21.—Most extensive preparations have been made for the reception of the Prince, which is expected to arrive here on the 24th inst. The Governor-General has issued a proclamation, with a valuable stock of groceries, and the Legislature having been totally destroyed. Loss, $50,000.

FROM RICHMOND.

Continuing the Trials of Jeff Davis—A Commission to Accompany United States Judge Underwood.

RICHMOND, Va., September 21.—The New York Herald's special says: "It is generally understood that the trial of Jeff Davis will be commenced either in November or October, and it is the earnest wish of the authorities that he should be out of that fact as soon over. The Judge Underwood will probably be able to open the Circuit Court in November, and the Circuit Court may be held here at the same time; but it is by no means certain that the counsel for Davis will appear in the court. It is said that Gen. Grant will accompany Judge Underwood here, as he is entitled to the three days' pay allowed to officers attending court."

Several Confederates were arrested to-day for alleged treasonable acts.

The Recent Heavy Gale on the Coast of Nova Scotia and New Brunswick—Fine Wire Cable Laid Across the Northumberland Straits.

ST. JOHNS, New Brunswick, September 21.—Telegrams from Cape Breton and Northumberland Straits have reached here from the gale of the 15th and 16th instant, and of course, severely, extended, and in some cases disastrous, effects are reported. The principal damage appears to have been done to the fishing fleet, which has suffered severely. Many boats have been lost with nearly all hands, and others have been driven ashore and wrecked. Many fishing vessels have also suffered from the storm, and some have been driven ashore and wrecked. A Speck of War in the East—The Rights of an American Consul Invaded—Satisfaction Demanded by Minister Morris.

Election of a Union Senator from Oregon.

[Special Despatch to the Chicago Tribune.]

NEW YORK, September 30.

The news by the Cable of to-day reveals a speck of war cloud in the East, which interests the United States. The American Consul, ——, at the Island of Cyprus has refused, in his service, it appears, a Mussulman native of the island, who was conscripted and demanded by the Turkish Mufti of the town. The Consul refused to give him up, whereupon an armed party, by order of the Mufti, entered the Consul's house and seized the man. Personal complaint was made by the Consul, but the Pasha considered that the Mufti was in the right and refused satisfaction. Mr. Morris, the American Minister at Constantinople, was applied to, and has demanded the dismissal of the Pasha and of the Mufti, a salute to the American flag, the liberation of the conscript, with the payment to the latter of a liberal compensation. Pending the settlement of this matter, a squadron of Admiral Goldsboro's squadron has been despatched to Cyprus, and another to Larnica.

FROM WASHINGTON.

[Special Despatch to the Chicago Tribune.]

WASHINGTON, September 30.

LETTER FROM ADMIRAL FARRAGUT.

The following letter from Admiral Farragut was in reply to an invitation to attend the Philadelphia Convention:

NEW YORK, September 24, 1866.

SIR:—Your invitation to be present at the National Convention of Soldiers and Sailors, to be held at Pittsburgh on the 16th inst., has just been received. Even if disposed to accept, which I am not, I could not, on principle, I am, as an officer of the navy, travelling to take any active part in political conventions, and therefore, with this, I hold myself for the pleasant tone of our letter, I beg to decline the invitation.

Very respectfully,

Your obedient servant.

(Signed) DAVID G. FARRAGUT, Admiral.

To Edwin Dudley, Chairman of Committee, &c.

ENCOURAGING REPORTS.

The headquarters of the Union League of America, lately established in this city, is receiving most encouraging reports from all sections of the country. The Secretary of the League, *Major Republic*, is being very widely circulated, and is one of the most valuable political documents published.

THE SOLDIERS' AND SAILORS' COMMITTEE.

The headquarters of the Soldiers' and Sailors' National Committee, appointed by the Philadelphia Convention, will be opened in this city to-morrow, to be temporarily established to-morrow in the building 268 F street, in connection with the Union League. Dudley, Secretary, will be in charge.

THE PITTSBURGH CONVENTION.

The news from Maine did not create so much alarm in Presidential circles as the details of the Pittsburgh Convention, which appeared in the columns of the Associated Press, were very late in reaching this point. It is admitted by all fair-minded military men here that the action of the army was heard at Pittsburgh, and that it shows plainly that the very large majority of the North—in politics—element is objectionably opposed to the President.

REPUDIATES CLEVELAND.

General John L. Graham, of Perry County, whose Union record both before and during the war is as well known, has lately arrived from the South, and utterly repudiates the Cleveland Convention in connection with the Cleveland Convention. He never heard of the call after it had appeared with the same attached.

INTERNAL REVENUE.

The receipts from Internal Revenue yesterday were $2,130,126.45, making the aggregate receipts for the first quarter of the current year $20,97,,123.35.

STARTLED DEVILDOM.

WASHINGTON, September 30.—The Post Office Department has issued a circular, which will startle the public with stamped envelopes at 10 cents per dozen, and 2 cents each. The latter are also in this proportion for smaller quantities. Stamped envelopes for the Army and Navy will be issued at Loss which may be designated, if not called for by the owner in ten days, will be destroyed. Envelopes will be issued only in sealed packages, and the envelopes upon the latter are stamped in accordance with the law. Envelopes will be allowed a lost stamp, and be sold. That, stamped envelopes will be sold at par, and that they will not accept one while ing and that was stuck—not accept a pot on one side of the body, and that is what I think, of the party now in power. Now, with a few words more, I will close. I think, of the party now in power,
